ABOUT ME

Data-focused professional with a strong analytical foundation in business reporting, data analysis, and decision support. Skilled in **SQL, Python, Advanced Excel, Power BI, and Tableau**, with experience gained through academic projects and industry internship experience. Experienced in **analyzing datasets, identifying trends, creating dashboards and reports**, and **communicating insights** to support data-driven business decisions. Strong problem-solving, attention to detail, and communication skills with a passion for **data analytics and continuous learning**.

EDUCATION

Rangsit University

Expected Graduation: 2026

- Bachelor of Science in Information and Communication Technology
- GPA: 3.72/4.00 (First Class Honors)

TECHNICAL SKILLS

- **Programming:** Python, SQL, Java, C++
- **Databases:** MySQL, PostgreSQL, SQL Querying, Database Management
- **Data Analysis & Visualization:** Power BI, Tableau, Microsoft Excel (Advanced), DAX
- **Cloud & Version Control:** Git, Basic knowledge of AWS, Microsoft Azure
- **Web Development:** HTML, CSS, JavaScript, jQuery, REST APIs
- **Methodologies:** Agile, Waterfall

SELECTED DATA PROJECTS

Data Job Market Insights Dashboard

Power BI | Power Query | DAX | ETL

- Built an interactive dashboard to analyze salary trends and job demand using real-world data job postings.
- Performed ETL with Power Query and created DAX measures to develop KPI dashboards and reports.

SQL Job Market Analysis

SQL | PostgreSQL

- Analyzed real-world job market data using SQL (JOINS, CTEs, window functions, and aggregations).
- Identified salary trends, in-demand skills, and high-paying data analyst opportunities.

Interactive Excel Analytics Dashboard

Microsoft Excel | Pivot Tables | Power Query

- Cleaned and analyzed job salary data using Advanced Excel and Power Query.
- Developed interactive dashboards using Pivot Tables and dynamic filtering to present business insights.

Student Productivity Analysis (Agent-Based Modeling)

Python | Pandas | Scikit-learn | Matplotlib

- Developed an Agent-Based Modeling simulation to analyze factors influencing long-term student productivity.
- Applied Linear Regression to evaluate relationships between study behavior and productivity outcomes.

PROFESSIONAL EXPERIENCE

UI/UX Designer Intern at **Sprouting Tech Co., Ltd.**

1 Aug 2025 - 30 Nov 2025

- Designed user-centered interfaces using Figma while collaborating with developers and stakeholders.
- Collaborated in an Agile environment with cross-functional teams to deliver design solutions.

CERTIFICATES

- Python Data Structures (Coursera), Using Python to Access Web Data (Coursera), Google Data Analytics Professional Certificate (Foundations), Digital Literacy Competency Test (Rangsit University)

LANGUAGES

- **English** (Fluent), **Burmese** (Native)
